We deeply regret the loss of our senior trustee, Mrs. Mary C. Barnard. She had served most faithfully for many years and will be greatly missed.

Mrs. Helen Hadley Avery feels that she must resign as librarian. We feel that this is a great loss as she has filled the position very faithfully and efficiently for many years.

We are fortunate in having secured the services of Miss Maud Anthony who will keep up the same high standards.

Because of increasing expenses, we will need a small increase in our appropriation.

MARY F. BAKER,
CATHERINE A. FULLER,
Library Trustees.

DUNBARTON VOLUNTEER FIRE DEPARTMENT

February 1, 1945.

7 Alarms of fire were answered the past year.

4	Chimney	no damage
1	Grass	no damage
1	Brush	no damage

1 Poultry and Brooder House causing a loss of $3,288.00, of which $800.00 was covered by insurance. Extreme care with fire will help keep losses to a minimum.

500 feet of 1½ inch Fire Hose was purchased with funds voted at last Town Meeting. This replaces Fire Hose discarded by reason of age and deterioration.

LYMAN H. NUTT,
Chief.

REPORT OF THE FOREST FIRE WARDEN

To Selectmen:

Many wardens have asked to have something prepared on forest fire work for publication in the Annual Town Report. Because time may be short the following is sent directly to the Selectmen. Will you kindly include it in your report?

Thomas J. King, District Chief.

HELP THE WAR EFFORT by PREVENTING FOREST FIRES

NO ONE is exempt from helping to win the war! EVERYONE, regardless of age, has his or her place in the overall effort! Some men, because of age are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in larger numbers, are serving with the armed forces as nurses and members of the several womens' military organizations—WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are all putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our care-

lessness with fire. Lumber has gone to war in a BIG WAY! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary war materials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, for the most part, unnecessary and avoidable for ninety-eight percent of such fires are, annually, the result of human carelessness—yours and mine. This can and should be remedied—NOW! YOU can HELP THE WAR EFFORT by PREVENTING FOREST FIRES! The rules of the game are simple.

1. *Always* be careful with fire in or near woodlands.
2. Comply with regulations governing the use or starting of fires there.

Remember

a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.

b. Be sure your match, cigar, cigarette and pipe ashes are OUT before dropping them.

3. Be fire-minded NOW as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

HELP THE WAR EFFORT by
PREVENTING FOREST FIRES

The 1944 fire record for our town is:

Number of fires	2
Acreage burned	4 1/3 acres
Number of permits issued	23

REPORT OF SCHOOL BOARD

To the Inhabitants of the School District of Dunbarton:

The School Board herewith submits its annual report for the year 1944:

In order to preserve the building, it was necessary this year to make repairs on the Waite schoolhouse as follows: the chimney was topped out; three new window sashes put in; windows puttied and glass set; clapboards renailed and replaced where necessary; the building painted two coats; and a new sign made.

At Montalona no work was needed except the oiling of the floor.

In the South Dunbarton schoolhouse, the plaster was patched, the ceiling and walls cleaned and painted. The cloak room and toilets were also painted. A few more window screens were made. The foundation was pointed up. The desks in this room as well as those at the Center School were refinished. The floor was oiled.

At the Center schoolhouse, the ceiling and walls in both rooms were cleaned and painted. Some sheathing was put behind the woodbox to prevent continued breaking of the plaster. The floors were oiled.

The Board wishes to acknowledge the kindness of Mrs. John Untiet in lending her piano to the South Dunbarton School. This will add greatly to the pleasure of the children in their music instruction.

It may be of interest to tax-payers to know that pictures and plans of the Dunbarton Center School are included in a bulletin just issued by the New Hampshire State Board of Education entitled "Planning School Buildings for New Hampshire Children."

The Board feels especially grateful for the loyal service given by our teachers. We also recognize the splendid cooperation of Mr. Foote, Miss Walker, Mrs. Bartlett, and our conveyors.

Respectfully submitted,

MARY I. STONE,
MARION C. ZELLER,
WESTON R. LORD,
School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Dunbarton:

It is with pleasure that I submit my report as your superintendent of schools.

The schools of Dunbarton were very fortunate to be able to open their schools last September with the same group of teachers which completed the previous year. Particularly in these times when the supply of teachers within the state is limited by the war, to be able to have capable and experienced teachers in our schools is indeed gratifying.

The enrollment in the Dunbarton schools is slightly less than it was last year, as will be noted in the enrollment table at the end of this report, with the sharpest decrease in the South Dunbarton School, where, at this writing, there are but nine children.

The painting and redecorating of several of the schools has done much to make them more attractive for carrying on the work of the school. The town can well be proud of its school buildings, as well as of the work of its schools. (The residents of Dunbarton will be interested in the fact that a recent publication of the State Board of Education entitled "Planning School Buildings for New Hampshire Children" includes pictures and floor plans of the Center School of Dunbarton.) The equipment and books are for the most part in good condition, although we have been unable to secure delivery on reading workbooks which are customarily used to supplement the reading text books. With the publishers forced to operate on a paper quota, the printing of these workbooks has been curtailed, and we still are without some ordered many months ago. However, the

teachers have made the necessary adjustments with good spirit, and the work has progressed quite satisfactorily.

The Statistical Table given at the end of this report indicates a percent of attendance slighly better than the preceeding year, and a decided decrease in the amount of tardiness in our schools. Last year's tardiness was less than half that of the preceeding year,— a notable improvement. Regular and prompt attendance is vital to the success of any school in addition to the fact that it serves to teach our youngsters the values of desirable traits of character. The teachers and pupils are to be congratulated on their fine record of last year.

As has been mentioned above, the schools of New Hampshire are facing a crisis in the number of teachers available for service. With our teacher training institutions training less than half as many teachers as in normal years, there will be but few teachers available to take the places of those who are to retire or those who can no longer serve as teachers due to conditions beyond their control. During the past several years more and more ex-teachers have been "drafted" from their domestic duties to assist our schools in this emergency, and the citizens of every town should be extremely grateful for their services in these days of need.

But, in spite of the services of these hundreds of former teachers, the probability this fall is that many schools throughout the state will face the opening of school without teaching personnel. Undoubtedly many towns will have to close certain schools, and transport the pupils to other schools in the town or to neighboring towns. With teachers' salaries lagging behind the salary scales of other occupations, together with an extremely small supply of new teachers entering the field, radical adjustments will undoubtedly have to be made in many towns in New Hampshire. It it indeed tragic that in these days when the education of our children is becoming increasingly important in the meeting of a more complexed economic and social world, that the work of our schools is forced to definitely suffer for want of properly

trained teachers. Every citizen of the state should exert all influence possible to promote those measures which will insure the continued functioning of our schools to produce well-equipped citizens for the years to come.

The success of any school system is dependent upon the combined efforts of teachers, parents, and the School Board. For the cooperation of each of these groups, I am deeply grateful. I feel that it has made the present school year a profitable one for the Town of Dunbarton.

Respectfully submitted,

LEWIS F. FOOTE,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

The school nurse submits the following report for the school year September 1943 through December 1944.

About 80 pupils were examined and the parents notified of any weakness or defect found.

The following report shows the number of pupils affected at the time of the regular Fall examination.

Defective tonsils 15; number of defects corrected, 10

Defective vision, 13; number of defects corrected, 10

Defective teeth, 50; number of defects corrected, 27

One orthopedic case had a check-up at the orthopedic clinic during the past summer.

Two children were given the Patch test in school and later had chest X-rays at Dr. Kerr's clinic in Manchester. Both were found negative to pulmonary tuberculosis.

Many of our children have not received adequate dental care this past year due to the shortage of dentists.

We have been unable to have our usual dental clinics which have meant so much to the children who have found it difficult to get to the city to their family dentist on account of the gas situation.

We are in hopes to have the audiometer this Spring. This test is given to determine whether a pupil can hear clearly or not. 37 home visits have been made during this school year.

EDITH G. WALKER,
School Nurse.

The object of this deed is to encourage the growth of Mulberry Trees, the rearing of Silk Works, & Manufacture of Silk in the United States, or the exportation of Raw Silk. Now if they shall continue the said Land for that purpose to improve and cultivate, this grant shall be to all intents and purposes absolute, and be continued to them, and not subject to any division among my heirs in case of my decease, or be considered a part of my estate; But if they should neglect to make or continued s^{d} improvements, or abandon the project within Five years, then said land shall revert to the grantor, and shall in such case be subject in no wise to their debts or assignments or be disjoined from the Farm.

Copy of deed given by Caleb Stark September 2, 1828, to his children — Harriet, Henry, Charlotte, Caleb Jr., and David McK. Stark for the purpose of raising Mulberry trees. Since that time it has been called the "Mulberry Field".

Needless to say the project failed in this northern climate and the property reverted back to the original owner.

This field is still known as the "Mulberry Field" and is located directly west, across the road, from the Aaron Barnard property, now Boyd R. Maxwell.
